## **RULES & CLASS DESCRIPTIONS**

Horse and rider combinations may not cross enter divisions at the same show. Dress is casual. Approved ASTM helmet and proper footwear with heel must be worn while mounted. Show management has the right to refuse entry at the gate if helmet and footwear are not appropriate. Please pick up all manure, hay, shavings, trash, ect. from all parking/trailer areas!

### **Time First Round Classes:**

Table II, Sec. 1—The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clear rounds or equal faults are classified according to their time taken to complete the course.

Table II, Sec. 2 (c)—Two Phase Competitions - The first phase to consist of 8 to 10 jumping efforts and the second phase of 5 to 7 jumping efforts. Scores are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed if any. If a competitor has gone clear in the first phase, he will, upon crossing the finish line, commence the second phase course. Time starts as the horse crosses the finish line of the first phase. If there are no clear rounds and a tie exists for first place, the results will be determined by the scores and time from the first phase. The use of a Time Allowed is optional in the first phase. If a Time Allowed is not used in the first phase then those with equal faults will remain tied.

### **Jump Off Classes:**

Table II, Sec. 2 (a/b)—Each exhibitor has the option of taking part in the jump-off at the completion of their round as in 2(b), or after all exhibitors have completed the first round as in 2(a).

Table II, Sec. 2 (b)—The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule as per JP134.3. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. It is recommended that no more than ten numbered obstacles be included in the first round when the class is scored under this table.

## **Take Your Own Line Classes:**

This competition takes place over a course of about ten obstacles scored under Table 2 as in the Optimum Time Classes. After crossing the start line, the competitor must jump each obstacle in either direction, in any order and cross the finish line.

a. If a competitor incurs a refusal, he may proceed to another obstacle. However, if the standard or flag is knocked down or displaced, the judge gives an audible signal, the clock is stopped and four seconds added. The competitor then must return to position from which, in the opinion of the judge, he may re-jump the obstacle dislodged. Upon signal to proceed, the competitor may continue his round, re-attempting the obstacle refused or any other obstacle on the course not previously jumped.

b. A first refusal is penalized only by time. The second refusal incurs elimination.
